ABOUT THE VILLAGE OF ALLIANCE

Are you ready to enjoy the virtues of small town living? Then Alliance is the place for you. It is an exciting little community with all the necessary amenities. Located in East Central Alberta, Alliance was incorporated in 1918 after the arrival of the Canadian National Railway. Through its long history it has been a major grain marketing area. It has also become a center for the district's gas and oil activities. More recently, it has begun to establish itself as an artistic community.

This is a spirited community where neighbours and friends are like family. You'll always be greeted with a smile and a cheerful hello. A walking trail surrounds the village and our tree-lined streets are cozy and inviting. In the spring and summer, Alliance bursts with blossoms while the fall brings a riot of colours. The nearby river valley is breathtaking all year round.

Alliance is located in the Battle River Alliance for Economic Development (BRAED) region. BRAED is a partnership of communities in East Central Alberta that work cooperatively to address economic development issues from a regional perspective.
